d.o.o., Croatia I am writing you

The firm Villa Benčići was deleted from the register of firms on 11.07.2016. (does not exist any more) due to inactivity.

From the documents about the firm, it seems that this firm was the owner of an old house and land in the village Benčići near Buzet. Because of it, the bankruptcy process was reopened.

Ad 2.) In the court register, as the founder of the firm VILLA BENČIĆI d.o.o is written Your name as the last director. Because of that, I propose you to get in touch with my office in Pula, Croatia, because it is in your interest to resolve the situation.

The procedure before the court is that, as the old house is now registered to the owner (firm) that has been deleted, it will be sold by the Commercial court in the next few monts. It seems that, after the debts (if any) and taxes will be paid, the resto money should be returned to You. This is why it is important to get in touch by my email diego.debeljuh.stecajni@gmail.com or post adress in Croatia, Pula, Laginjina nr. 6.

Also all the informations about the firm would be best to send me in the same way.

After you contact me, I will be able to give you more informations about the case and the actions in it.

Kind regards,

Pula, 13.12.2021.g.
