Adriana,

These payments should not be treated as loans because at the time Vila Ozana d.o.o. was already part of the company group (perhaps you can verify the exact date we transferred the shares from Martin Severa to Fassaden Architektur Technik Group Limited?).

These payments are therefore classified as an investment by parent company and don't bare any interest rate.

Hope this helps

Regards

Dear Martin,

I am sending You FINA invoice.

Regarding to payments from FAT FACDES, I verified that shares were transferred 27<sup>th</sup> March 2021 and new owner of company is FASSADEN ARCHITEKTUR TECHNIK GROUP LTD.

As payments were provided by company FAT FACEDS which is not shareholder this could be only interest-free loan.

I have checked this with our auditor and tax consultant and they confirmed my opinion.

Best regards,
