Dear Mr Vlaic

Many thanks for your e-mail.

In relation to the bankruptcy of Alpro-ATT d.o.o. we had significant losses arising from non-delivery of confirmed orders. We tried to summarize this in our e-mail back in December 2019 (see attachment).

On top of these costs, we had to spend a lot of time to find a new supplier and have been losing customers during the time where we have not been able to deliver the product.

We could not find an agreement on this matter resulting in the situation we are in right now.

Please let me know what your suggestion would be to resolve this issue.

Best regards,

Freundliche Grüsse

Subject: Obračun - Alpro Verlustberechnung

Dobar dan g. Rukavina

Kao što smo dogovorili na sastanku, 05.12.2019 šaljem vam završni prijedlog obračuna. Kao što sam par puta pisao u Mailu nismo bili uvijek u mogućnosti cijevi isporučiti i onda smo našli firmu koja ima cijevi ali po znatno skupljoj cijeni. Molim Vas da kontrolirate ovaj prijedlog i ukoliko se slažete sa njim, javite mi da možemo uplatiti razliku u zatvoriti te otvorene račune.

Hvala.

Dear Mr. Reto,

I spoke with a former employee, mr. Zdravko Rukavina, who explained the development of events to me in more detail. Bankruptcy trustee, does not have the authority to independently decide on legal proceedings that could be initiated against **PBH idea AG**. I will present this problem at the meeting of creditors, which will be held on January 17, 2023, at the Commercial court in Split, and the creditors will decide how to solve this problem with your company.

Best regards

Dear Mr Vlaic

Many thanks for your feedback.

We will be awaiting the decision of the creditors meeting. Please keep me posted.

I am willing to accept a reasonable compromise, but we have to take into account the losses occurred on both sides.

Best regards,

Freundliche Grüsse
