Dear Danijela

Our financial office contacted me today again about your open payment about 13.205,00 Euro.

As you can see from the statement, the payments have been due since February of this year and we have already asked for your feedback twice.

If we do not receive any feedback from you within the next 2 - 3 days, we will be forced to pass the matter on to our credit insurer.

Should you have any further question, please do not hesitate to contact us.

Dear Andrea,

We are in a difficult financial position right now, short on working capital. In order to solve this problem we are trying to arrange new bank loan, but it's a slow process.

Until that happens, we try to do the best we can with our operating cash inflows, which are constantly late.

Dear Joško,

Thank you for the information regarding your financial situation.
Since we have a credit insurance we have to report the outstanding invoices after a period of time.
In this case we expect the payment for the invoice from February until 15th September and the payment for the other two invoices latest by 15th October.
If we didn't receive the payment until then we unfortunately have to inform our credit insurance.

best regards

We will do our best to settle this debt as soon as possible. Realistic option is to settle the first invoice during September and the remaining amounts in October.

It's the best scenario we can see at this point.

Should you have any further question, please do not hesitate to contact us.

Dear Andrea,

We are in a difficult financial position right now, short on working capital. In order to solve this problem we are trying to arrange new bank loan, but it's a slow process.

Until that happens, we try to do the best we can with our operating cash inflows, which are constantly late.

Dear Joško,

Thank you for the information regarding your financial situation.
Since we have a credit insurance we have to report the outstanding invoices after a period of time.
In this case we expect the payment for the invoice from February until 15th September and the payment for the other two invoices latest by 15th October.
If we didn't receive the payment until then we unfortunately have to inform our credit insurance.

best regards

We will do our best to settle this debt as soon as possible. Realistic option is to settle the first invoice during September and the remaining amounts in October.

It's the best scenario we can see at this point.
