Dear colleague,

In the above-mentioned matter I would like to refer to your inquiry and inform you that the claims filed by you as insolvency administrator over the assets of Adria Celik d.o.o. in the amount of EUR 636,677.86 have been included in the insolvency table under No. 16 in the insolvency proceedings in question, but are currently still disputed. According to the current state of affairs, the claims of the insolvency creditors and the claims subsequently filed in the insolvency table and expected to be determined will probably account for a small proportion of less than 1%, based on the assets realized to date.

To the best of my knowledge and according to your last e-mail, the claims of TECHCOM GmbH in the insolvency proceedings of Adria Celik d.o.o. are also still disputed. Can you please tell me whether an insolvency quota is to be expected in the proceedings you are handling and, if so, in what amount.

In addition, please let me know whether you are interested in a settlement of the claims filed in the insolvency proceedings against Adria Celik d.o.o. and TECHCOM GmbH.

With kind regards

Diana Schmidt
